THE WORSHIP OF PARTHIVA LINGA DURING SRAVAN MAS

"Parthiv Ling made of clay is the most supreme among all the Shiva-Lingas. All the aspirations of the men are fulfilled by the worship of Parthiv ling. Just as Ganga among the rivers, Kashi among the sacred places of pilgrimages, Omkar among all the mantras are considered to be superior, Parthiv ling is considered to the supreme among all the Lings. Worshipping, a Parthiva linga with a 'Nishkam bhava' helps a man to attain liberation." After worshipping the Parthiva Linga, it should be immersed in the river, Then the mantra - OM NAMAH SHIVAY should be chanted with complete devotion. This is the method which has been described in the Vedas for the worship of Parthiva Linga." The numbers of Parthiva Linga differ according to one's desires. For example a man who is desirous of learning and knowledge must worship one thousand Parthiv Ling. A man who is desirous of wealth must worship one thousand five hundred Parthiv Lings. A man who is desirous of attaining salvation must worship one crore Parthiv Lings.
